

## DECORATIVE GLASS

- Most are semi-obscurer, some frosted and textured.
- Minimum 2 square foot cut size for annealed.
- Minimum 3 square foot cut size for tempered.
- Split sheet means we will make one cut at no charge, either piece can be no larger than 65" x 85" due to transport limitations.
- Stock sheet sizes may vary, verify size at time of order.
- Patterns run lengthwise on sheets, but vertical on cut sizes. *(See below)*
- Standard fabrication and tempering charges apply.
- Due to import restraints, availability is limited to stock on hand only. No guarantees can be made on back order lead times or future availability of these unique patterns.
- Due to the nature of the manufacturing process, there will be inherent flaws and variations in the pattern, this is unavoidable and considered part of the natural beauty of the product.

| pattern glass promotional materials |   |                |
|-------------------------------------|---|----------------|
| sample glass box                    | 4 1/2" x 4 1/2" piece of each glass pattern available | call           |
| glass sample                        | cut to order sample piece                             | 2 sq. ft. min. |

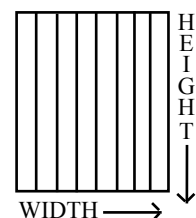

## GLASS PATTERN REVISIONS

*List new patterns or changes here for future reference.*

| type | tint | thick | size | cut size | stock sheet |
|------|------|-------|------|----------|-------------|
|      |      |       |      |          |             |
|      |      |       |      |          |             |
|      |      |       |      |          |             |
|      |      |       |      |          |             |
|      |      |       |      |          |             |

see reverse side for listing and price

**NOTE:** *All patterns run vertically - first width then height. Please specify when ordering any exceptions.*
